

JUNE 2019

An official publication of CHYBA High School

Mentors Wanted!

We are looking for individuals 21 years+ to share knowledge and act as a positive role model for our 16 and 17 year olds. If you value building our community and have enthusiasm for inspiring youth, we want you as a mentor!

Upcoming Events

6/24 Summer School Begins

7/1 Fourth of July Week

7/22 Catalyst Life Skills Academy

8/19 First Day of School

It's the end of the School Year!

A LETTER FROM THE YOUTH POLICY COMMITTEE

These last few months have been kind of hectic here at CHYBA as we wrap up for the school year. But they have also been a very worthwhile experience. We got to travel to our state capitol and our nation's capitol to advocate for our school. We worked on wildfire recovery in our own hometown. We made strides in our classes. We expressed ourselves through poetry and art. To those who graduated this year, congrats! And to those of us who still have more to do, we'll see you next year to do it all over again. Hope you all have a happy summer!

Sheds, Fences for Carr Fire Victims

AMERICORPS PROJECTS

There's nothing like wrapping up the school year by finishing a service project for a good cause. Our students have succeeded in completing their second Carr Fire shed this year, which will go to a victim of last year's fire. The shed will serve as a storage unit for valuable belongings while they wait for their home to get rebuilt. Students also installed fencing for several people whose property was burned by last summer's fires.

Graduating Class of 2019

A WARM SEND-OFF

Congratulations to this year's graduating class! We are happy to announce CHYBA graduated twenty-five students this year. We are so proud of these graduating students for this amazing accomplishment. Our students understand that completing their high school education is a marathon, not a race, and it is something worth doing right. These students worked hard to earn their diplomas, and we wish them nothing but the best on their future endeavors.

Conference Of Young Leaders

WASHINGTON D.C.

We sent two students to represent CHYBA in YouthBuild's annual COYL event in Washington D.C. During this event, YouthBuild students from across the country participate in leadership development and networking activities, and get to meet their representatives on Capitol Hill.

Non-Traditional Employment for Women

SHASTA COLLEGE

We took a handful of our female students to attend Shasta College's N.E.W. event, where they explored careers and degree paths that have historically been taken up by men. Our students spent the day learning how to operate heavy machinery, design their own hydraulic systems, and even how to build their own flashlights using computer hardware.
