CHYBA

An Open Letter

The first three months of the year have been busy at California Heritage Youthbuild Academy, and we wanted to showcase our hardworking students and our school's achievements so far. It's still early in the year, but we've already accomplished so much!

School Projects

Our students have been very busy this year with building projects and community service. Every week, our students get to work to improve our community and help those in need.

Building Sheds for Carr Fire Victims

Students have already completed a shed and are working on their second for those who were affected by the Carr Fire. This is part of CHYBA's ongoing work for community disaster relief. The sheds will be storage facilities for fire victims so they have a place for their belongings while they find housing

Stairs Project for the City of Redding

Students worked hard with the City of Redding to build a stairway to a local pond. Now more people can access the area and enjoy the pond.

Work with Shasta Youth Alliance

Our kids have been working away for months with the Shasta Youth Alliance to help organize their donation facility. Our kids built shelfing for their warehouse and helped organize all the donations they have received to help those affected by the Carr and Camp Fires last summer.

Around the Campus

Resilience Movie Screening

On March 13th, we hosted a movie screening and discussion of Resilience, a documentary about childhood trauma and ways to combat toxic stress. We saw a great turnout from the community and from our supporters.

MENTORS WANTED

Kurt Mitchell

We are looking for individuals 21 years+ to share knowledge and act as a positive role model for our 16 and 17 year olds. If you value building our community and have enthusiasm for inspiring youth, we want you as a mentor!

UPCOMING EVENTS

3/29 Construction Job Fair for Students 18+

4/3 Career Fair for all Students
