March 2021

New Branding!

You may notice a consistent color scheme and new logo. YouthBuild recently revised its branding and we are happy to incorporate the new look in our newsletters.

Student Success!

Meet Owen

Owen joined CHYBA's construction program last summer after his mom learned about our school. CHYBA celebrates Owen for recently earning his diploma; we're so proud of his accomplishment! Even better, he is still with us as an Americorps volunteer, giving to our community and earning his secondary education stipend at the same time. Owen says he really appreciates CHYBA's flexibility in learning options and feels he can express himself better here. We count ourselves lucky to have him on our roster.

Congratulations, Owen!

CHBYA Garden!

We're busy cleaning and getting ready to plant new veggies and herbs. If you'd like to grow your own veggies, let us know and we'll save a planter box just for you.

Call 378-5254

CHYBA Woodshop

Luke shows off the wooden storage box he recently completed in woodshop. Our instructor Dave says Luke likes to work carefully and do things right. He says Luke takes his time in the woodshop seriously. Luke appreciates the hands-on opportunity our wood shop provides.

If you know of a student who might enjoy learning about woodworking, call us at 378-5254

Our eggs have hatched and the Fry are swimming. We will release them right before Spring Break. For more info visit the Classroom Aquarium Education Program website.

Current Events

Our Youth Policy Committee (YPC) has made its return to CHYBA. This Committee of students meets every Monday with CHYBA staff to plan ways to make our school better for other students. We appreciate their leadership!

KIXE promotes CHYBA, watch for our spots on local PBS channel 9.

CHYBA will be conducting CPR/First Aid classes for students and staff the week of March 23. Thanks to Mr. Arnold for teaching these valuable classes!

Spring Break is April 4-9

Special thanks!

CHYBA Alum Trinity Silva returned to campus recently to speak about her experience earning her Certified Nurses Assistant certification and working in the field. We're happy to boast that we currently have one student working in the Shasta College program, and others considering the opportunity.
